## Professional Summary

Passionate Economics Master's student skilled in translating economic theories into practical solutions through analytical thinking and quantitative methods. I have a robust foundation in economic modeling, statistical analysis, and empirical research, allowing me to apply theoretical knowledge to real-world economic challenges. I am currently a Research Assistant to Dr. MUSTapha Immurana (Senior Research Fellow at University of Health and Allied Sciences (UHAS)) and a Graduate Teaching Assistant at Memorial University of Newfoundland and Labrador (MUN). I have a long-standing experience in teaching. Eager to contribute my academic rigor and analytical expertise to dynamic research or policy-oriented roles in the field of economics.
